What are Access Arrangements?

Access Arrangements

"Access Arrangements are agreed before an assessment. They allow candidates with specific needs such as special educational needs, disabilities or temporary injuries to access the assessment and show what they know and can do without changing the demands of the assessment. The intention behind an access arrangement is to meet the particular needs of an individual candidate without affecting the integrity of the assessment. Access arrangements are the principal way in which awarding bodies comply with the duty under the Equality Act 2010 to make 'reasonable adjustments'.

(AA Definitions, Page3)

Reasonable Adjustments

The Equality Act 2010* requires an awarding body to make reasonable adjustments where a candidate, who is disabled within the meaning of the Equality Act 2010, would be at a substantial disadvantage in comparison to someone who is not disabled. The awarding body is required to take reasonable steps to overcome that disadvantage. An example would be a Braille paper which would be a reasonable adjustment for a vision impaired candidate who could read Braille. A reasonable adjustment may be unique to that individual and may not be included in the list of available access arrangements. Whether an adjustment will be considered reasonable will depend on a number of factors which will include, but are not limited to:

- the needs of the disabled candidate;
- the effectiveness of the adjustment;
- the cost of the adjustment; and
- the likely impact of the adjustment upon the candidate and other candidates.

An adjustment will not be approved if it:

- involves unreasonable costs to the awarding body;
- involves unreasonable timeframes; or
- affects the security and integrity of the assessment.

This is because the adjustment is not 'reasonable'

(AA Definitions, page 3)

Purpose Of The Policy

The purpose of this policy is to confirm that West Sussex Alternative Provision College has a written record which clearly shows the centre is leading fulfils "its obligations in respect of identifying the need for, requesting and implementing access arrangements."

[JCQ 'General regulations for approved centres'Chapter5.4]

This policy is maintained and held by the SENDCo alongside the individual files/e-folders of each access arrangements candidate. Each file/e-folder contains detailed records of all the essential information that is required to be held according to the regulations.

Where the SENCo is storing documentation electronically he/she **mus**t create an e-folder for each individual candidate. The candidate's e-folder must hold each of the required documents for inspection. (AA 4.2)

The policy is annually reviewed to ensure that processes are carried out in accordance with the current edition of the JCQ publication 'Adjustments for candidates with disabilities and learning difficulties Access Arrangements and Reasonable Adjustments'

General principles

The principles for the centre to consider are detailed in AA (section 4.2). These include:

The purpose of an access arrangement/reasonable adjustment is to ensure, where possible, that barriers to assessment are removed for a disabled candidate preventing him/her from being placed at a substantial disadvantage due to persistent and significant

WEST SUSSEX ALTERNATIVE PROVISION COLLEGE

Policies and Procedures
Exams
Access Arrangements Policy
Reviewed October 2021

difficulties. The integrity of the assessment is maintained, whilst at the same time providing access to assessments for the disabled candidate.

The SENCo, or an equivalent member of staff within a FE college, **must** ensure that the proposed access arrangement/reasonable adjustment does not unfairly disadvantage or advantage the candidate.

Access arrangements/reasonable adjustments should be processed at the **start** of the course.

Arrangements **must** always be approved **before** an examination or assessment.

The arrangement(s) put in place must reflect the support given to the candidate in the centre.

The candidate **must** have had appropriate opportunities to practise using the access arrangement(s)/reasonable adjustment(s) before his/her first examination.

Equalities Policy (Exams)

A large part of the access arrangements process is covered in the Equalities Policy (Exams) which covers staff roles and responsibilities in identifying the need for, requesting and implementing access arrangements and the conduct of exams.

A copy of the Equalities Policy (Exams) is held by the exams officer. In addition, all Examination Policies can be found on the Policies area of the College's Sharepoint site so that all teaching staff can access them.

'The head of centre/senior leadership team will..... recognise its duties towards disabled candidates ensuring compliance with all aspects of the Equality Act 2010†, particularly Section 20(7). This must include a duty to explore and provide access to suitable courses, submit applications for reasonable adjustments and make reasonable adjustments to the service the centre provides to disabled candidates. Where the centre is under a duty to make a reasonable adjustment, the centre must not charge a disabled candidate any additional fee in relation to the adjustment or aid...

†or any legislation in a relevant jurisdiction other than England and Wales which has an equivalent purpose and effect'

(JCQ General regulations for approved centre, Chapter 5.4)

The access arrangements policy further covers the assessment process and related issues in more detail.

The Assessment Process.

Types of access arrangements

Access arrangements may include:

- 1. Supervised rest breaks
- 2. Extra time of up to 25%
- 3. Extra time of up to 50%
- 4. Extra time of over 50%
- 5. Reader/Computer reader
- 6. Read aloud
- 7. Scribe/Voice to text software
- 8. Word processor
- 9. Braille transcript
- 10. Prompter
- 11. Oral Language Modifier
- 12. Live speaker for pre-recorded examinations components
- 13. Sign Language Interpreter
- 14. Practical Assistant
- 15. Alternative accommodation away from the centre
- 16. Other arrangements for candidates with disabilities

In line with JCQ regulations, WSAPC will make all decisions with regard to access arrangements based upon whether the candidate has a substantial and long-term impairment which has an adverse effect, in conjunction with the access arrangement being the candidate's normal way of working at WSAPC.

Appropriate evidence of need will be available for inspection

Assessments are carried out by the assessors appointed by the Senior Leadership Team. The assessors are appropriately qualified as required

in JCQ regulations in AA Section 7. The qualifications of the current assessors

Lois Hook – Certificate of Psychometric Testing, Assessment and Access Arrangements (CPT3A)

Checking the qualification(s) of the assessor(s)

Upon appointment at WSAPC, the assessor is required to produce a copy of their qualification and assessment practising certificate which is held in their personal file. This is also recorded on our SIMs system

A further copy of the qualification and assessment practising certificate is held in the centres AA folder.

JCQ Form 8A is completed and signed by the Headteacher and kept with the Access Arrangement paperwork

Process for the assessment of a candidates learning difficulties by an assessor.

The process detailed below confirms

"that the assessment process is administered correctly..."
[GR 5.5]

The SENDCo completes baseline information and the Pupil Passport and these indicate which students require further assessment by a specialist teacher. The Pupil Passport contains any available information and assessment from the student's previous school. This will provide recommendations to teaching staff on how to support the student in class and will provide further information to 'paint a picture of need' and identify potential candidates who qualify for access arrangements.

The SENDCo oversees the following key assessments:

Hodder Oral Reading Test

Vernon Graded Word Spelling

BPVS

Plus specialist assessments to inform Access Arrangements:

NNAT – Naglieri Nonverbal Ability Test

PHAB – Phonological Assessment Battery

Dyslexia Screening Test (Secondary)

The assessments below are carried out by a specialist assessor for Access Arrangements:

WRAT 4

CTOPP 2

TOMAL 2

DASH

Previous Access arrangements in place from previous schoosl, will be considered – and evidence utilised to support our own application

Painting an 'holistic picture of need', confirming normal way of working.

As per JCQ regulations as appropriate the SENDCO will:

Complete JCQ Form 8 and /or Reader Centre Evidence if student has been assessed and has scores which indicate a substantial impairment which is persistent and significant.

Provide examples of work.

Compile SENDCO letter including medical evidence (CAMHS, Hospital Consultant, EP, Sensory Impairment Service, Speech and language Service).

Include EHCP.

Confirm that the Access Arrangement is the candidate's normal way of working.

Normal Way of Working form is completed by Centre Manager and submitted to SENDCo.

The exam officer will monitor the effectiveness of any alternative ways of working and access arrangements to ensure that they are still required and continue to be of benefit to the student. If an arrangement is not used or is found to no longer be of benefit to the student, it will be removed in accordance with JCQ guidance.

Gathering evidence of normal way of working

Bearing in mind normal way of working as defined by JCQ...

"The arrangement(s) put in place must reflect the support given to the candidate in the centre†, e.g.

- in the classroom;
- working in small groups for reading and/or writing;
- literacy support lessons;
- literacy intervention strategies;

• mock examinations.

This is commonly referred to as 'normal way of working'. For candidates with learning difficulties this is typically the background information recorded with Section A of Form 8.

SENDCos and assessors must refer to section 7.6.1, page 87, for information on how to confirm 'normal way of working'.

†The only exception to this is where an arrangement is put in place as a consequence of a temporary injury or impairment (see section 8.3, page 89)."
[AA 4.2.5]

The SENDCo will complete 'Normal Way Of Working' form with teachers and support staff.

Processing applications for access arrangements and adjustments Arrangements/adjustments requiring awarding body approval.

Access arrangements online (AAO) is a tool provided by JCQ member awarding bodies for centres to apply for required access arrangement approval for the qualifications covered by the tool. This tool also provides the facility to order modified papers for those qualifications included. (Refer to <u>AA, chapter 8 (Processing applications for access arrangements and adjustments) and chapter 6 (Modified papers).</u>

AAO is accessed within the JCQ Centre Admin Portal (CAP) by logging in to one of the awarding body secure extranet sites. A single application for approval is required for each candidate regardless of the awarding body used.

Access arrangements will be applied for using Access Arrangements On-line before the annual JCQ deadline. The exception to this is where an emergency arrangement has been put in place as a consequence of a temporary injury or impairment. Or where a pupil arrives at WSAPC after the JCQ deadline

Once the tests have been conducted and there is a recommendation for access arrangements, the Assessor then applies to the exam boards via AAO; the decision is instant and a printed copy of the confirmation is printed and stored in the Access Arrangement File (held in Exams Office). Along with the AAO approval will be a hand signed and dated copy of the Form 8 report, a Data protection notice signed and dated by pupil. Original test papers along with normal way of working forms and any additional supporting evidence.

As per JCQ regulations certain applications for students with an EHCP will need to be supported with additional evidence of need; for example:

- A letter/report from CAMHS or a clinical psychologist or psychiatrist
- A letter/report from a hospital consultant
- A letter/report from the Local Authority Educational Psychology Service
- A letter/report from the Local Authority Sensory Impairment Service
- A letter/report from a Speech and Language Therapist (SALT)

All information is held on the Access Arrangements file and will be available for inspection.

Parents are informed of the access arrangement by letter and the students are informed verbally

If an application is not approved, additional paperwork/evidence may be required to justify the request being made. In this situation the SENCo/specialist assessor will work together with the Exams Officer to ensure that the correct evidence is submitted to the relevant awarding body or bodies. The Exams Officer will be notified by the awarding body once an outcome has been decided. A printed copy of any such outcome is to be kept on file.

Pupil Access arrangements are detailed on SIMs.net – pupil/group reports can be printed from Exams Organiser. SENDCo also holds a 'whole centre' access arrangement file, which is maintained and stored on our school share point system and is accessible to all staff. Each WSAPC centre receives updated lists of Access arrangements in place for their co-horts

Centre-delegated access arrangements

Centre Manager/SENDCo completes 'Normal Way of Working' form and /or SENDCo File Note, as appropriate, showing evidence of persistent and significant difficulties which have a substantial and adverse effect.

Centre Manager/SENDCo ensures the Access Arrangement register is current and includes all the centre delegated access arrangements. The SENCo must be satisfied that there is a genuine need for the 'centre-delegated' arrangement to be put in place.

Where appropriate use of centre delegated access arrangements, such as supervised rest breaks will be detailed on the exam incident log.

Word processor policy

An exam candidate may be approved the use of a word processor where this is appropriate to the candidate's needs and not simply because the candidate now wants to type rather than write in exams or can work faster on a keyboard, or because they use a laptop at home. The use of a word processor must reflect the candidate's normal way of working within the centre.

A centre **must** have a policy on the use of word processors... A member of the centre's senior leadership team **must** produce a statement for inspection purposes which details the criteria the centre uses to award and allocate word processors for examinations. (AA 5.8)

Accordingly, WSAPC has an Examinations Word Processing Policy, see appendix 2

Separate invigilation Policy

A decision where an exam candidate may be approved separate invigilation within the centre will be based on whether the candidate

- ...has a substantial and long term impairment which has an adverse effect; and
- the candidate's normal way of working within the centre. [AA 5.16]

A decision where an exam candidate may be approved separate invigilation within the centre will be made jointly by Centre Manager and SENDCo

Accordingly, the Centre Manager completes a SENDCo File Note

[see AA 5.16]

Appendix 2- Word Processor Policy

Purpose of the policy

This policy details how the centre manages and administers the use of word processors (including laptops and tablets) in examinations and assessments.

This policy is reviewed and updated annually on the publication of updated JCQ regulations and guidance on access arrangements and instructions for conducting exams. References in this policy to AA and ICE relate directly taken from the Access Arrangements and reasonable adjustments 2019-2020 and Instructions for conducting Examinations 2019-2020 publications.

Principles for using a word processor

West Sussex Alternative Provision College complies with AA chapter 4 *Adjustments for candidates with disabilities and learning difficulties* regulations and guidance as follows:

(AA 4.2.1)

- Candidates with access to word processors are allowed to do so in order to remove barriers for disabled candidates which prevent them from being placed at a substantial disadvantage as a consequence of persistent and significant difficulties
- The use of word processors is only permitted whilst ensuring that the integrity of the assessment is maintained, at the same time as providing access to assessments for a disabled candidate

(AA 4.2.2)

• The use of a word processor is not granted where it will compromise the assessment objectives of the specification in question

(AA 4.2.3)

• Candidates may not require the use of a word processor in each specification. As subjects and their methods of assessments may vary, leading to different demands of our candidates, the need for the use of a word processor is considered on a subject-by-subject basis

(AA 4.2.4)

- The use of a word processor is considered and agreed where appropriate at the start of the course. Candidates are subsequently aware that they will have the use of a word processor for examinations and controlled assessments/coursework
- Candidates are made aware that they will have the use of a word processor for examinations and non-examination assessments (including controlled assessments/coursework)

- The use of a word processor for candidates is only granted if it reflects the support given to the candidate as their 'normal way of working', which is defined as support:
 - in the classroom; or
 - · working in small groups for reading and/or writing; or
 - literacy support lessons; or
 - literacy intervention strategies; and/or
 - in internal school tests and mock examinations

The only exception to the above where the use of word processor would be considered for a candidate would be.

In the event of a temporary injury or impairment, or a diagnosis of a disability or manifestation of an impairment relating to an existing disability arising after the start of the course (AA 4.2.4).

Where a subject within the curriculum is delivered electronically and the centre provides word processors for all students (AA 5.8.4)

The use of a word processor

West Sussex Alternative Provision College complies with AA chapter 5 *Access arrangements available* as follows: (AA 5.8.1)

- Provides a word processor with the spelling and grammar check facility/predictive text disabled (switched off)
- Only grants the use of a word processor to a candidate where it is their normal way of working (see 4.2.5 above) within the centre
- Only grants the use of a word processor to a candidate if it is appropriate to their needs (for example, the quality of language significantly improves as a result of using a word processor due to problems with planning and organisation when writing by hand)

(The above also extends to the use of electronic braillers and tablets)

(AA 5.8.2)

• Provides access to word processors to candidates in non-examination assessments (including controlled assessments or coursework) components as standard practice unless prohibited by the specification

(AA 5.8.3)

- Allows candidates to use a word processor in an examination to type certain questions, i.e. those requiring extended writing, and handwrite shorter answers
- Are also aware that examinations which have a significant amount of writing, as well as those that place a greater demand on the need to organise thought and plan extended answers, are those where candidates will frequently need to type. Examinations which require more simplistic answers are often easier to

WEST SUSSEX ALTERNATIVE PROVISION COLLEGE

Policies and Procedures
Exams
Access Arrangements Policy
Reviewed October 2021

handwrite within the answer booklet. The candidate avoids the difficulty of visually tracking between the question paper and screen

(AA 5.8.4)

- In all cases, ensures that a word processor cover sheet (Form 4) is completed and included with each candidate's typed script
- Does not simply grant the use of a word processor to a candidate because he/she prefers to type rather than write or can work faster on a keyboard, or because he/she uses a laptop at home

Word processors and their programmes

West Sussex Alternative Provision College complies with ICE 8.8 *Word processors* instructions by ensuring:

- word processors are used as a type-writer, not as a database, although standard formatting software is acceptable
- word processors have been cleared of any previously stored data, as must any portable storage medium used
- an unauthorised memory stick is not permitted for use by a candidate
- where required, candidates are provided with a memory stick, which has been cleared of any previously stored data, by a nominated member of centre staff
- word processors are in good working order at the time of the examination
- word processors are accommodated in such a way that other candidates are not disturbed and cannot read the screen
- where a candidate using a word processor is accommodated separately, a separate invigilator is used
- word processors are either connected to a printer so that a script can be printed off, or have the facility to print from a portable storage medium
- documents are printed after the examination is over
- candidates are present to verify that the work printed is their own
- word processed scripts are inserted in any answer booklet which contains some of the answers
- word processors are used to produce scripts under secure conditions, and if they
 are not then the centre is aware that they may be refused by the awarding body
- word processors are not used to perform skills which are being assessed
- word processors are not connected to an intranet or any other means of communication.
- candidates are not given access to other applications such as a calculator (where prohibited in the examination), spreadsheets etc when using a word processor
- graphic packages or computer aided design software is not included on a word processor unless permission has been given to use these
- predictive text software or an automatic spelling and grammar check is disabled unless the candidate has been permitted a scribe or is using voice recognition technology (the script must have a completed scribe cover sheet included), or the awarding body's specification permits the use of automatic spell checking
- voice recognition technology is not included on word processors unless the candidate has permission to use a scribe or relevant software
- word processors are not used on the candidate's behalf by a third party unless the candidate has permission to use a scribe

Laptops and tablets

West Sussex Alternative Provision College further complies with ICE 8.8 instructions by ensuring:

- tablets used during examinations/assessments are designed to run for a long period of time once fully charged and are 'free-standing'
- the battery capacity of all laptops and/or tablets is checked before the candidate's examination(s) with the battery sufficiently charged for the entire duration of the examination
- candidates are reminded that their centre number, candidate number and the unit/component code must appear on each page as a header or footer
- candidates using Notepad or Wordpad software (which do not allow for the insertion of a header or footer) are instructed to handwrite their details as a header or footer once they have finished the examination and printed off their typed script; candidates are also supervised to ensure that they are solely performing this task and not re-reading their answers or amending their work in any way
- candidates are instructed to appropriately number each page
- candidates are instructed to use a minimum 12pt font and double spacing
- invigilators remind candidates to save their work at regular intervals
- where it is possible 'autosave' is set up on each laptop/tablet
- candidates are present at the end of the examination when their script is printed off so they can verify that the work printed is their own

Accommodating word processors in examinations Candidates using word processors (including laptops or tablets) are internally accommodated in the following manner:

Pupils using word processors are accommodated separately from the main examination room. They are placed in designated classrooms to ensure that other candidates are not disturbed, that power supplies are easily accessible and to help ensure word processor screens are not overlooked by other candidates. Pupils who are using word processors may be grouped together in one room, if space allows.

Invigilation arrangements relating to the use of word processors include the following:

Each room has a separate invigilator, who has attended the College annual invigilation/access arrangement training and has seen a copy of our 'Word Processor' policy.

Other arrangements relating to the use of word processors include:

Pupils all have their own 'Exam' Log-in (with the relevant software restrictions). College IT support is notified in advance in case extra exam numbers and printers are required. USB stick(s) are made available to a designated member of staff who will accompany pupil to designated printer. All work is cleared at the end of each exam. The word processor is either directly linked to a printer, (not always appropriate as most PC's are linked to photocopiers) or the student accompanies an invigilator or designated member of staff at the end of the exam and prints direct from the USB. The candidate is ALWAYS present to verify that the work printed is his or her own and that all pages are printed, and signs the work on the bottom of last page.
