

WSAPC Science KS4 LEARNING PATHWAY

The purpose of the KS4 Science curriculum:

- At WSAPC we offer students the chance to sit for the double GCSE AQA Trilogy award.
- The programme is covered over 3 years (years 9- 11) to ensure all the material is adequately addressed.
- The Trilogy programme is co-taught alongside the AQA Entry Level Certificate. This means we can address any gaps in learning and ensure a firm foundation for GCSE.
- Individual lessons are scaffolded by differentiated learning objectives which enable students to make progress towards their individual targets..
- There are regular assessments during and at the end of each component.

KS4 Working Scientifically Skills
The development of scientific thinking
Experimental skills a& strategies
Analysis & evaluation
Vocabulary, units, symbols & nomenclature
